### Kenox to provide formulation and development expertise in Orally Inhaled and Nasal Drug Products (OINDPs)

Strides Pharma Science has announced that its step-down, wholly owned subsidiary, Strides Pharma Global Pte. Limited, Singapore, has entered into a strategic product development partnership with US-based Kenox Pharmaceuticals Inc., a fast-growing contract development and manufacturing company specialising in Orally Inhaled and Nasal Drug Products (OINDPs).

Under the terms of the agreement, Strides will collaborate with Kenox on the development and filing of multiple nasal spray products for the US market across diverse therapeutic indications. Specific product details remain confidential at this stage.

Dr Sitaram Velaga, Founder, President and CEO of Kenox Pharmaceuticals Inc., stated "Our strategic partnership with Strides is a significant milestone for Kenox. This collaboration validates our expertise in the OINDP space and will allow us to leverage our capabilities to bring important drug products to global patients at an affordable price. Furthermore, this milestone accelerates Kenox's growth plans."

"We are delighted to announce this partnership with Kenox, a company that brings deep technical expertise in the OINDP space. Nasal sprays have consistently been highlighted as a key focus area for Strides, and this collaboration further builds on the solid progress we have already made in this domain. With continued investments in the capabilities and capacities at our US facility, these products are a natural fit within our strategy to expand into our nasal spray technology domain. Kenox's formulation and development strengths perfectly complement our manufacturing and go-to-market strengths, allowing us to accelerate our range of nasal spray offerings in the US market," said Aditya Kumar, Executive Director, Business

Development, Strides Pharma Science Limited.

The partnership will advance a pipeline of nasal spray products for the US market, combining Strides' commercial strengths with Kenox's OINDP expertise to deliver affordable, high-quality therapies to patients.
